**slip measurements**

Dear Sir,

Like defined in the harmonized standard EN 14041 'Resilient, textile and laminate floor coverings - Essential characteristics': If a claim for slip resistance is made, the floor covering intended to be used in dry and non-contaminated conditions shall have a dynamic coefficient of friction of  $> 0,30$  when tested ex-factory under dry conditions in accordance with EN 13893 and shall be declared as technical class DS.

The products Digital floor Vinyl Type 1 fulfilled the criteria like mentioned in the harmonized standard to be declared as technical class DS.

We hope having been helpful with this information.

Kind regards,

Dr. Jo Wynendaele  
Consultant – research scientist
